

CITYSOCIAL

Community Group is the doorway into the life of City Church. All other activities or areas of service at City Church flow out of involvement in Community Group. These groups are the primary vehicle for fellowship, practicing spiritual gifts, applying scripture, building accountability, and facilitating outreach in our city.

CITYMEMBERSHIP

Membership at City Church is simple and hinges on five simple questions. Am I a follower of Jesus? Have I been baptized as a believer? Do I agree with City Church's statement of faith? Do I give regularly to the churches mission? Do I participate regularly in the churches gatherings? If you answer "yes" to these questions, its time to dig in and do life together.

CITYSERVANT

Servant Teams are made up of those involved in Community Groups who give their energy and time to serve others. Examples of servant teams include: greeters, AV, sound, lighting, atmosphere, City Kids, hospitality, welcome table, and music. Ask your Community Group Leader how you can serve.

CITYLEADERS

Area Leaders oversee Servant Teams. Community Group Leaders oversee the growth and discipleship of their Community Group. The Leadership Team is made up of staff members who oversee the operation of the church. The Elder Team oversees the vision and direction of the church. As you get involved with City Church, current leaders will encourage you to take the next step in leadership.

For more information on the specifics of membership and church structure, refer to City Church's "Government and Structure" document available at ourcitychurch.org.
